

# ASNR Program Planner And Abstract Viewer System

Go to [www.asnr.org/2009](http://www.asnr.org/2009) and click on the  
Program Planner link.

**Your direct link to view session titles and presentation titles and presenter names for the ASNR 47<sup>th</sup>  
Annual Meeting & NER Foundation Symposium 2009**

**View and printout ASNR 47<sup>th</sup> Annual Meeting abstracts and speaker presentation summaries, where available.**

The various Search Options are described below. When search results are presented, click on the title of sessions to see the titles of all presentations in that session. Click on the presentation title to view and printout the abstract or presentation summary.

- Click on this button for a quick and easy way to find the presentations of interest to you. You can search by Session Type at the top of the screen or scroll to the bottom of the screen to search by Day.

**Tip:** This is the best option for finding the topics of all sessions on a given day or all sessions of a particular type, i.e. Parallel Sessions, regardless of day.

- Click on this button to make your search as general or specific as you want

Search by Session Type, Session Title, Presentation Number, Abstract Title Keyword, Author Last Name, Institution, Keyword, Session Date/Times.

**Tip:** Program Planner will use all selected options as the search criteria. The more search options you pick, the more specific and restricted the search.

SEARCH  go!  
Display As  Presentations  Sessions

- Search on any word by typing it in this field and clicking on "GO".

**Tip:** This Search option searches the entire text including title, abstract body and references.

When using the "Display As" option, selecting "Presentations" will show links to all presentations in which the chosen word appears anywhere in the text. Selecting "Sessions" will show links to all sessions in which the chosen word appears any of the presentations in the session, but will not give a link to the specific presentation.

See reverse side to learn how to create your  
personal itinerary and download into your PDA

- Click on this button to create your personalized itinerary

**Tip:** You will need to create an account the first time you click on this button before you can add items to your itinerary.

To set up your personal account, you will need to enter your name, email address and a password.

**Tip:** After creating your account, use the Search options to find sessions or presentations you want to add to your itinerary.

If displaying by session, click on the session title to display all the presentations. You may choose to place the entire session or just specific presentations in your itinerary. To save the entire session, click on the "Add the Entire Session to My Itinerary" button on the top right of the screen. To save specific presentations only, scroll down the list of presentations and click on the box next to the presentations you wish to save to your itinerary. Then click on the "Add Selected Presentations to My Itinerary" button at the bottom of the screen. After items are added to your itinerary, you can go directly there to view and printout the information. To remove all items from your itinerary, click on the "Clear My Itinerary" link. To remove specific presentations only, click on the red "X" next to the presentation.

## Downloading to Your Personal Data Assistant (PDA).

The times, locations and titles of items in your itinerary, can be downloaded to your PDA. (Note: The system does not download abstracts or presentation summaries.)

The Oasis System uses AvantGo software for downloading to PDAs. Go to the AvantGo homepage and click on the button under "Consumer Services" to create a free account with up to 2MB or to login if you are already a member.

NOTE: (The maximum size of the Itinerary Builder channel is 1024K)

## Follow these directions for downloading your itinerary into your PDA.

### To Create an Account

Note: *It may take 10 minutes to create an account. You will be asked to provide demographic information. Some questions offer a "Decline to Answer" or "Other" option. Some do not. All questions will need to be answered to continue the process.*

1. Click on the "My Device" tab in the upper right corner and the "create an account" link and follow the instructions for creating an account.
2. After downloading the software, return to the Itinerary section of the Program Planner and click on the "Transfer to a Personal Digital Assistant (PDA)" link.
3. Click on "Add Channel". This will take you back to the AvantGo Consumer home page.
4. Now follow steps under the "To View an Existing Account" column to the right.

### To View an Existing Account

After clicking on the Consumer Services button,

1. Click on the "My Account" tab and then the "Manage My Subscription" link in the upper right corner of the screen.
2. The channel "My Itinerary – Powered by Oasis" should now be listed as one of your channels.
3. Sync your PDA to the computer
4. To set or change channel settings, click on the name of the channel.
