

Learning Objectives

Requirements

NER Foundation Symposium

May 15 – May 16, 2010

Hynes Convention Center

Boston, Massachusetts

Submission Deadline: Friday, January 22, 2010 (Adherence to this deadline is essential in order to meet printing deadlines!).

Number of Learning Objectives: 2-4

Requirements for objectives:

- Relay the information attendees will be learning during the presentation.
- Begin each objective with a behavioral verb. (behavioral verb listing follows)

Example:

- 1) Recognize the appearance of recurrent brain tumor on MR images
- 2) Illustrate advances in MR imaging, such as diffusion, MR spectroscopy and perfusion imaging, in the detection and characterization of recurrent brain tumor and post-treatment effects

Behavioral Verb Listing:

adjust	define	interpolate	rate
analyze	demonstrate	interpret	recite
apply	describe	inventory	recommend
appraise	design	judge	record
arrange	detect	list	relate
assemble	diagnose	locate	repeat
calculate	diagram	match	report
choose	differentiate	measure	review
cite	discuss	name	revise
classify	distinguish	operate	select
collect	estimate	order	separate
compare	evaluate	organize	solve
complete	explain	plan	specify
compute	express	point	state
conduct	extrapolate	practice	summarize
construct	find	predict	tabulate
contrast	formulate	prepare	tell
count	grade	prescribe	trace
create	identify	propose	utilize
criticize	indicate	question	write
critique	inspect	quote	
debate	integrate	rank
