ASNR 2011 Outstanding Presentation Awards

By Barton F. Branstetter, IV, M.D.

ASNR Education Committee Chair

ASNR is pleased to announce the winners of the *Outstanding Presentation Awards*. The overall quality of the paper and poster presentations at the Seattle meeting was excellent, and the winners should be commended for their outstanding work. A \$1,000 award will be given to the primary author of each winning presentation.

Seven awards were presented in Six categories: in *Adult Brain/General Neuroradiology* (two awards, one awarded by the ASNR, and another awarded by The Foundation of the ASNR), *Functional Neuroradiology*, *Head and Neck*, *Interventional* (The Michael Brothers Memorial Award), *Pediatrics* (The Derek Harwood-Nash Award), and *Spine*. Both awards in Adult Brain/General Neuroradiology were selected by a panel of ASNR members under the direction of the Education Committee. The five subspecialty awards were judged by panels selected from each of the specialty societies, including ASFNR, ASHNR, ASPNR, ASSR, and SNIS. We would like to thank all of the judges for their tremendous effort in evaluating the presentations. Congratulations to the winners!
