Dear Representatives Bera, Bucshon, Boyle, Finkenauer, Holding, Marshall, Roe and Ruiz:

On behalf of the undersigned organizations, thank you for your leadership in introducing H.R. 8702, a bill to halt pending Medicare payment cuts resulting from the planned evaluation and management (E/M) code changes slated for implementation on January 1, 2021.

This critical legislation recognizes the importance of allowing significant scheduled pay increases to primary care and others who primarily provide E/M services to take effect while also avoiding the devastating corresponding cuts for physician and non-physician providers that will occur because of Medicare's budget neutrality requirements. Given the ongoing COVID-19 pandemic, it is more important than ever to halt the implementation of any payment reductions that could inadvertently limit patient access to care as well as further exacerbate the financial instability of health care provider practices. Our organizations support H.R. 8702 and its approach for providing two years of much-needed stability for Medicare providers as they continue to strive to meet the needs of patients during this public health emergency.

We look forward to continued collaboration with you, your House colleagues, and Congressional leadership to advance H.R. 8702 in the next available legislative package. Again, thank you for your leadership in introducing legislation to prevent the forthcoming payment reductions generated by the budget neutrality requirements with the Medicare Physician Fee Schedule. If you have any questions, please contact Cynthia Moran (ACR, cmoran@acr.org), Katie Orrico (AANS, korrico@neurosurgery.org) or Justin Elliott (APTA, justinelliott@apta.org).
