Dear Senators Boozman, Collins, Cramer, Cotton and Hyde-Smith:

On behalf of the undersigned organizations, thank you for your leadership in introducing S. 5007, the Holding Providers Harmless From Medicare Cuts During COVD-19 Act of 2020, a bill to halt pending Medicare payment cuts resulting from the finalized evaluation and management (E/M) code changes slated for implementation on January 1, 2021.

This critical legislation recognizes the importance of allowing significant scheduled pay increases to primary care and others who primarily provide E/M services to take effect while also avoiding the devastating corresponding cuts for physician and non-physician providers that will occur because of Medicare's budget neutrality requirements. While the COVID-19 pandemic rages and wreaks havoc on the health care system, providers continue to contend with overflowing hospitals and the financial impact of the spring-summer government-recommended shutdown of most non-urgent medical care. Against this backdrop, double-digit Medicare cuts will be devastating for patients, communities and providers. Our organizations support S. 5007 and its approach for providing two years of much-needed payment stability for Medicare providers as they continue to strive to meet the needs of patients during this public health emergency.

We look forward to continued collaboration with you, your Senate colleagues, and Congressional leadership to include S. 5007 in a year-end legislative package. Again, thank you for your leadership in introducing legislation to prevent the forthcoming payment reductions generated by the budget neutrality requirements with the Medicare Physician Fee Schedule. If you have any questions, please contact Cynthia Moran (ACR, cmoran@acr.org), Katie Orrico (AANS, korrico@neurosurgery.org) or Justin Elliott (APTA, justinelliott@apta.org).
