

ASNR

Membership Information

We invite you to join more than 5,600 neuroradiologists and other provider professionals, who are dedicated to maximizing the benefits of Neuroradiology to patients by promoting the highest standards for training and practice, and fostering research in the field.

Enclosed is information on:

- **Membership Categories and Criteria**
- **Membership Dues**
- **Membership Benefits and Services**
- **ASNR and The Foundation of the ASNR Awards**
- **Membership Applications for *Senior, Member, Research Scientist, and Member-in-Training* status**

(Online applications are also available at <http://www.asnr.org/join>.)

APPLICATION PROCEDURE

Membership benefits and services begin after a completed application has been received, processed, and applicants have been notified via e-mail of their acceptance as a new ASNR member.

A subscription to the *American Journal of Neuroradiology (AJNR)* will be initiated upon receipt of prorated membership dues. If applicable, any fees paid for the unused portion of a personal subscription will be refunded.

APPLICATION DEADLINE

There is no deadline to apply for membership, except if you wish to register as a member for the ASNR Annual Meeting & The Foundation of the ASNR Symposium. If so, your completed application and required documents must be received at least 6 weeks prior to the start of the Symposium. Visit our website for upcoming meeting dates and additional information (www.asnr.org)

American Society of Neuroradiology
800 Enterprise Dr., Suite 205
Oak Brook, IL 60523-4216
Website: www.asnr.org

Membership Department
Phone: 630-574-0220 ext. 222
Fax: 630-574-0661
E-mail: pat@asnr.org

Membership Categories and Criteria

Senior Member:

1. Shall be a radiologist certified by the American Board of Radiology, Royal College of Physicians and Surgeons of Canada (RCPSC), The American Osteopathic College of Radiology, or other Board or Tribunal which, in the judgment of the Executive Committee, is of equivalent rank.
2. Shall have completed a one year ACGME-or RCPSC-approved fellowship program in Neuroradiology, passage of the ABR Subspecialty Certification exam in Neuroradiology, and engaged in the active practice of Neuroradiology and/or a subspecialty of Neuroradiology in North America devoting at least 50% (exclusive of administrative duties) to the professional practice of Neuroradiology.

Member: Shall be other radiologists, scientists (Master’s degree or higher ([PhD]) and physicians, including non-radiologists/clinicians with an interest in Neuroradiology, who do not meet the criteria for *Senior or Senior International* membership.

Member-in-Training: Shall be a physician in an ACGME- or RCPSC-accredited (Canadian) Radiology residency or Neuroradiology fellowship program or medical and graduate (PhD) students, or post-doctoral fellows within five years of their doctoral degree.

Research Scientist: Shall be a physicist (PhD) or neuroscientist (MS, PhD) with an interest in and/or position relevant to Neuroradiology or Radiology, and who may not fulfill the requirements for *Senior or Senior International* membership.

International Outreach Member: Neuroradiologists and radiologists in developing countries with an annual GDP of \$10,000 or less.

Prorated Membership Dues

Category	1st Qtr.	2nd Qtr.	3rd Qtr.	4th Qtr. *
	Jan-March	Apr-June	July-Sept	Oct-Dec
Senior	\$625	\$469	\$313	\$625
Senior (Military)	\$230	\$173	\$115	\$230
Member	\$625	\$469	\$313	\$625
Member (First year out of Neuroradiology fellowship)	\$375	\$282	\$188	\$375
Member (Military, Radiologists, and those outside North America)	\$230	\$173	\$115	\$230
International Outreach	\$100	\$100	\$100	\$100
Research Scientist	\$100	\$100	\$100	\$100
Member-in-Training- Two year maximum for Neuroradiology Fellows	\$0	\$0	\$0	\$0

*When dues are paid during the 4th Quarter, membership will be valid through the following year

Membership Benefits and Services

- **Twelve issues per year of the American Journal of Neuroradiology (AJNR).** This peer-reviewed journal is internationally recognized as the primary source of information regarding all aspects of neuroimaging, including head, neck, and spine imaging, for all professionals engaged in these and related fields. The newly redesigned *AJNR Online* provides members with an *archive of Journal articles, AJNR Blog, AJNR News Digest, Podcasts, and Case Collections.*
- **Advocacy** for the interests of neuroradiology, quality initiatives, and parameters and guidelines; dissemination of pertinent coding, reimbursement and policy information. The Society provides representation and a voice at the CPT Editorial Panel, RUC, and numerous other arenas that impact the field of medicine. Development and review of **Standards and Guidelines** in order to help advance the science of Neuroradiology and improve the quality of care for patients. Standards and Guidelines are available at <http://www.asnr.org/index.php/resources/asnr-practice-guidelines/>
- **The Foundation of the ASNR** promotes the stability and growth of neuroradiology by providing critical neuroradiology research needed to yield expert diagnoses, target patient care and apply sophisticated approaches to complex disease management. Please visit <https://foundation.asnr.org/> to learn more about the Foundation and how to support its mission.
- The **ASNR Annual Meeting and Foundation of the ASNR Symposium**, features presentations of scientific papers, posters, seminars, workshops, symposia, scientific exhibits, computer-assisted exhibits, “How-To Sessions,” and technical exhibits in collaboration with allied specialty societies to cover various aspects of Neuroradiology, including *Functional Neuroradiology, Head and Neck Radiology, Interventional Neuroradiology, Pediatric Neuroradiology, and Spine Radiology.* Members receive **early registration notice and reduced registration fees plus the opportunity to attend the Annual Business Meeting of Members.**
- ASNR eCME features neuroradiology-related lectures on timely topics, presented, in most cases, as streaming video presentations. Materials represent either original submissions created specifically for *ASNR eCME* or captured live presentations from the ASNR Annual Meeting and Foundation of the ASNR Symposium.
- *ASNR.MOC* is **ASNRs** portal to ABR Maintenance of Certification resources, including **eCME, SAMs, and PQI.**
- **Neurographics-** educational journal, published six times per year, features the highest rated educational content from the ASNR Annual Meeting, as well as allied specialty society meetings. Several review articles per issue offer CME through ASNR’s eCME website. Journal articles are available free online from the *Neurographics* website.

- **ASNR Patient Portal** provides a patient-focused guide to neuroradiology, including a definition of neuroradiology and sub-specialty medicine, descriptions of neuroradiological procedures and descriptions of the conditions neuroradiologists treat.
- **Opportunity to vote and hold office** (*Senior* members only)
- **Opportunity to serve** on Standing and Ad Hoc Committees
- **Membership certificate** (*Senior, Member, and Research Scientist* categories only)

Awards offered by the ASNR and The Foundation of the ASNR

ASNR:

- ***Gold Medal Award*** ... fosters the highest standards of the ASNR, based on exceptional quality, service, and excellence. It emphasizes both professional and personal attributes... individuals who are superb neuroradiologists and/or scientists, and are also truly outstanding people. The recipients are individuals who have extended themselves beyond furthering their own careers, through contributions at all levels of the professional strata, with an accent on consistency and duration of these outstanding contributions. Presentation of the Gold Medal is made at the Society's Annual Meeting.
- ***Honorary Member Award*** ... awarded to individuals (other than those holding Senior or Member status) who have made extraordinary contributions to Neuroradiology.
- ***Cornelius G. Dyke Memorial Award*** ... available to radiology fellows or junior faculty (assistant professor level or below). This recognition is awarded to an individual based on careful review of the submitted work by the Research Committee. The award offers an opportunity to have one's work presented to the membership at the Annual Meeting, and possibly, published in the *American Journal of Neuroradiology*.
- ***Outstanding Presentation Awards***... selected at the Annual Meeting by the ASNR Education Committee and representatives from the allied specialty societies for the best paper or poster presentation in Functional, Head and Neck, Interventional, Pediatrics, Spine, and General Neuroradiology. The foundation of the ASNR sponsors one of the awards given in General Neuroradiology.

The Foundation of the ASNR

- ***Trainee Award*** ... for the best paper presented at the Annual Meeting by a fellow, resident, or medical student.
- ***Scholar Award in Neuroradiology Research*** ... for investigators in the early stage of their careers (including junior faculty), to enhance competency in areas important to the future of Neuroradiology, including health services research, physiological imaging and interventional Neuroradiology.
- ***Award in Comparative Effectiveness Research*** ... to support investigators in the generation and synthesis of evidence that compares the benefits and harms of alternative methods to prevent, diagnose, treat, and monitor a clinical condition, or to improve the delivery of care.
- ***Research Scientist Award in Neuroradiology***... provides research opportunities for PhD investigators to advance the science of Neuroradiology.
- ***Woman in Neuroradiology Leadership Award***... recognizes mid-career women with demonstrated experience and promise for leadership in Neuroradiology and/or Radiology.
- ***Outstanding Contributions in Research***... recognizes neuroradiologists who demonstrate consistent excellence and lifelong accomplishment in basic or clinical neuroscience research, particularly funded research from the NIH, NSF, March of Dimes, etc.
- ***Foundation of the ASNR/RSNA Research Scholar Grant***- This jointly sponsored biennial award is the result of a collaborative effort between the Foundation of the ASNR and RSNA. The goal is to fund additional research in Neuroradiology and to help prepare the next generation of neuroradiology researchers to become fully funded physician-scientists with their own research programs.
- ***Foundation of the ASNR/ARRS Scholarship***- This biennial jointly sponsored American Roentgen Ray Society (ARRS)/ASNR Scholarship aims to establish the recipient as an independent investigator in the field of Neuroradiology and to collect preliminary data that could lead to further funding through established mechanisms, such as the NIH. This scholarship program is open to junior full-time faculty members (below the associate professor level) specializing in Neuroradiology.
