New ASNR Strategic Goals and Structure

ASNR Strategic Goals: 2018-2021

1. Enhance ASNR's role as the preeminent leader in neuroradiology
2. Recognize and promote neuroradiology as vital to quality patient care
3. Deliver relevant and timely education and information that is relevant to the practice of neuroradiology
4. Promote ASNR and the Foundation's neuroradiology research efforts to support established strategic initiatives

Strategic Goal 1:

Enhance ASNR's role as the preeminent leader in neuroradiology

Objective 1.1:

Clarify, solidify, and enhance ASNR's leadership role in neuroradiology

Objective 1.2:

Clarify, solidify, and enhance ASNR's leadership role to Neuroradiologists

Objective 1.3:

Recognize and promote ASNR as indispensable to Neuroradiologists by establishing ASNR as the leader in neuroradiology artificial Intelligence

Objective 1.4:

Recognize and promote ASNR as indispensable to Neuroradiologists by increasing visibility of neuroradiology

Objective 1.5:

Create mutually beneficial, ongoing relationships between ASNR and the Specialty and Regional Societies

Strategic Goal 2:

Deliver relevant and timely education and information that is relevant to the practice of neuroradiology

Objective 2.1:

Embrace state-of-the-art technology and technological advances in order to position ASNR as a leader in neuroradiology education

Objective 2.2:

Ensure relevancy across a continuum of education: UME, GME and CME

Objective 2.3:

Implement annual meeting innovations and improvements

Strategic Goal 3:

Recognize and promote neuroradiology as vital to quality patient care

Objective 3.1:

Facilitate patient education of neuroradiology by providing ASNR sponsored information on the specialty and it's specific value to the patient.

Strategic Goal 4:

Promote ASNR and the Foundation's neuroradiology research efforts to support established strategic initiatives

Objective 4.1:

Develop formal governance and operational processes between ASNR Board, FASNR Board and ASNR Research Committee to ensure research priorities are cascaded throughout the organization.

Objective 4.2:

Host strategic planning for the Foundation to ensure its readiness to address and support strategic initiatives

Objective 4.3:

Create research agenda aligned with strategic initiatives
