

DISCLOSURE INDEX

In compliance with ACCME requirements and guidelines, ASNR has developed a policy for disclosure and review of potential conflicts of interest and a method for mitigation if a conflict does exist. ASNR maintains a tradition of scientific integrity and objectivity in its educational activities. In order to preserve these values and ensure its educational activities are independent and free of commercial bias, all individuals, including planners, presenters, moderators and evaluators, participating in an ASNR educational activity, or an activity jointly provided by ASNR must disclose all relevant financial relationships with ineligible companies, as defined by the ACCME. If their names are not listed below, they disclosed that they had no relevant financial relationships.
